

HISAKAGE[®]

Refrigerator

Model: ☐ SRCP=140 ☐ SFCP=140 ☐ CT=SCP=140

SRCP-140/SFCP-140/CT-SCP-140

Product Features

- 1) Computer board intelligent control, fault diagnosis function. Temperature accurate to 0.1 degrees, temperature difference in the box does not exceed 2 degrees,
- 2) Stainless steel door handle, beautiful, strong, durable, can be better matched with customers products.
- 3) The foam layer thickness of the box is ≥ 60 , the foam thickness of the door panel is ≥ 55 , the door panel is flush with the ventilation window, the door automatic return to ensure food safety when the angle is $\geq 45^\circ$
- 4) Environmentally friendly refrigerant R290, avoid air pollution, cyclopentane fluorine-free environmental protection, 60mm thick high-density foam insulation layer, better insulation performance.
- 5) The heating wire is hidden in the door frame to avoid condensation, the circular arc design in the box is helpful for daily maintenance, and no dead corners are left
- 6) Adapt to the high temperature 43°C environment design, can meet most customer needs

Specification

- Model : SRCP-140 / SFCP-140 / CT-SCP-140
- Capacity: 1150L / 1050L
- Temp: $-6\sim 15^\circ\text{C}$ / $-22\sim -18^\circ\text{C}$ / $0\sim 15$ — $-22\sim -18^\circ\text{C}$
- Cooling Mode: Air cooling
- Refrigerant: R290
- Shelf Layer: 6
- Insulation Material: Cyclopentane
- Sheet Metal: 201SS
- Voltage: 220V
- Power: 520W / 780W / 850W
- Size: $1400*760*(1900+100)$

Brand Compressor

R290 refrigerant, efficient, energy saving, better cooling effect.

Intellectual Temperature Control

Precise temperature control automatic detection & alarm

HISAKAGE[®]

Refrigerator

C Series—201 Air Cooling Refrigerator

Width 1400mm

Depth 760mm

Height 2000mm

1900mm Height excludes legs

2000mm Height includes legs

Specifications

	Model	Function	Capacity	Temp	Cooling Type	Refrigerant	Shelf	Power	Size
Air Cooled	SRCP-140	R	1150	-6~-15	A	R290	6	520W	1400x760x(1900+100)
	SFCP-140	F	1150	-22~-18	A	R290	6	780W	1400x760x(1900+100)
